PROFESSIONAL SUMMARY

QA Engineer with approximately 1 Year of experience in manual and automation testing of web applications. Hands-on with Playwright, JavaScript, and Page Object Model (POM). Skilled in functional, regression, smoke, UI, and cross-browser testing, test case design, and defect reporting in Jira. Basic experience in API testing using Postman. Strong understanding of SDLC, STLC, and Agile/Scrum, focused on delivering high-quality software.

TECHNICAL SKILLS

Testing: Manual Testing, Automation Testing, Functional, Regression, Smoke, Sanity, UI, Cross-Browser, Responsive, Test Plan, Test Case Design, Test Execution, Defect Tracking, Boundary Value Analysis, Equivalence Partitioning, Bug Reporting

Automation: Playwright, JavaScript (ES6+), Page Object Model (POM), Fixtures, Locators, Assertions, Waits, End-to-End Testing, Test Debugging

Tools: Jira, Postman (Basics), Git, GitHub, VS Code

Additional Technical Skills: React.js, Node.js, Express.js, MongoDB

Methodologies: SDLC, STLC, Agile, Scrum, Defect Lifecycle, Version Control

PROFESSIONAL EXPERIENCE

Associate Quality Analyst **Primotech** **Jun 2026 – Present**

- Execute functional, regression, and smoke testing on client websites, validating updates and feedback-driven changes across releases.
- Design and execute **150+** test cases covering positive, negative, boundary, and edge-case scenarios.
- Log and track **80+** defects in Jira with clear reproduction steps; retest fixes and run regression checks.
- Perform cross-browser and responsive testing across Chrome, Firefox, Safari, and mobile viewports.
- Collaborate with developers and product teams to verify requirements, investigate issues, and maintain software quality.

Software Development Engineer in Test (SDET) Trainee **BEBO Technologies** **Jan 2026 – Jun 2026**

- Designed and executed **50+** functional and regression test cases using Boundary Value Analysis and Equivalence Partitioning.
- Built Playwright (JavaScript) automation suite with POM covering **30+** end-to-end scenarios.
- Implemented reusable locators, fixtures, assertions, and waits to improve script maintainability.
- Performed UI and cross-browser testing, reported defects, and retested fixes.

PROJECTS

YumList – Recipe Management Web Application

- Tested authentication, CRUD operations, form validations, and end-to-end recipe management workflows.
- Designed test cases for positive, negative, boundary, and edge-case scenarios; performed functional and regression testing to identify defects and validate fixes.

Automation Testing Practice – Playwright and JavaScript

- Automated scenarios for login, form submission, input validation, navigation, and error-message verification using Playwright with JavaScript.
- Applied Page Object Model, reusable locators, assertions, waits, and fixtures to organise maintainable automation scripts.

EDUCATION

B.E. Computer Science Engineering **Chitkara University** **2022 – 2026**

Senior Secondary (12th) **Him Academy Public School, Hamirpur** **2022**
Percentage: 68%

Secondary (10th) **Him Academy Public School, Hamirpur** **2020**
Percentage: 72%

EXTRACURRICULAR ACTIVITIES

- Active in badminton and football; maintain a regular fitness routine.
